SUMMARY

Junior full stack developer with a foundation in JavaScript, TypeScript, React and Node.js. I build web applications from the front end to the API, including an AI-powered ad generator deployed to the cloud and a gamified English-learning app. Currently pursuing a degree in Systems Analysis and Development, I am looking for a developer role where I can grow within a technology team.

TECHNICAL SKILLS

Front-end	Semantic HTML5	CSS3	Flexbox & Grid	Responsive design	JavaScript	TypeScript
	React	Tailwind CSS				
Back-end	Node.js	Express	REST APIs	Authentication & authorization		
Databases	PostgreSQL	Prisma	SQLite			
Tools	Git	GitHub	Docker	Automated testing	Deployment	
Applied AI	LLM API integration	Prompt engineering	Response validation			
Other	Python (fundamentals)	Java (fundamentals)				

PROJECTS

AI Ad Engine – AI-powered ad generator for marketplaces

Node.js TypeScript Express SQLite LLM (HuggingFace) *Private code; demo available on request.*

- Takes a product's data and the target marketplace (Mercado Livre, Shopee or Amazon) and returns a title, bullet points, description, SEO keywords and an upsell suggestion.
- REST API with user accounts (email and password, httpOnly cookie sessions) and per-user data isolation; deployed to the cloud (Railway).
- LLM integration with JSON extraction, response validation and automatic retries.

Learn English – gamified vocabulary app

React TypeScript Vite PWA GitHub Actions

- 800 words across 16 themes, 4 study modes (hangman, flashcards, quiz and speaking practice), XP, levels, streaks and leaderboard.
- Deployed with automatic CI/CD (GitHub Actions + GitHub Pages).
- juanpablolpf.github.io/LearnEnglish

Controle de Gastos – personal finance web app

Google Sheets Responsive UI *Private code.*

- Responsive interface with 5 tabs and password login; data stored in a Google spreadsheet.

Course projects (Travelgram, Tech News, Zingen, Refund, among others) in the portfolio and at github.com/juanpablolpf.

EDUCATION

Associate Degree (Tecnólogo) in Systems Analysis and Development	Apr 2024 – Dec 2026 (expected)
Descomplica Faculdade Digital	
Technical Diploma in Computer Science (Vocational High School)	2017 – 2020
Colégio Estadual Prefeito Joaquim da Silva Mafra	

CERTIFICATIONS

Descomplica Faculdade Digital · specialization modules, Systems Analysis and Development program
